Comment Area

1. Relates well with students. Promotes interaction with students on subject matter that is being discussed. I would definitely take another class taught by Mr. Chen.
2. Please ease up on the grading of exams (toughness) and include more extra credit opportunities/assignments.
3. Bernard was an awesome teacher. He seemed to enjoy us as a class and he was knowledgeable about the subject. I was skeptical about the end-of-semester projects, but they turned out to be great--it was really interesting seeing what everyone chose as a project topic.
